Concealed swing-out Cook Top means warm meals in wild winter weather.

The radiant heat of cast iron, the convective warmth of steel design is conveniently sized in the T4 for spaces up to 1500 sq. ft.

The Alderlea T4 in historic cast iron incorporates all the outstanding features of the larger Alderlea woodstoves – huge glass for a full view of the fire, a Cook Top for peace of mind during power outages, powerful heat output, a high efficiency rating, and user friendly operation. An effective heater with old world charm.

** Figures will vary depending on type of wood, floor plan, house layout, heat loss of home, and geographical location.
